

### **CeCe Ellis for Director**

CeCe Ellis is a fun, loving, and loyal REALTOR® with Ellis Luxury Homes, LLC. CeCe entered the real estate industry 8 years ago to help people view REALTORS® in a more positive light (we work hard for our commissions!!) and to help people improve their living environment by finding the best that is available to them at the best price.

CeCe joined the association almost 3 years ago and jumped right in serving where she could. She saw how fulfilling it was to get involved in the local, state and national associations, and started encouraging other REALTORS® to do the same. She graduated from the association's Leadership Academy in 2023 and then encouraged her team to get on the list of future graduates.

CeCe serves as an instructor, teaching Fair Housing, Code of Ethics, and New Member Orientation classes.

In addition, she currently or has served on many committees including Leadership Development, Inclusion Advisory Council, Professional Development, Diversity and Inclusion, Committee Review Task Force, Community Outreach, Events Planning, YPNers, and the Onboarding Task Force.

She is a member of YPN, Women's Council of St. Charles County, and supports RPAC.

Understanding how important it is for REALTORS® to be heard within our own community, CeCe has vowed to listen to the needs of others and present on any platform that will help others not only understand what we do and what our value proposition is but also to provide support as we manage our way through the new changes that have been mandated.

Being a veteran, CeCe understands the importance of integrity, respecting others, keeping a peaceful environment, always protecting those without a voice, showing our community kindness, and treating all REALTORS® the same way. CeCe wishes to bring that same level of greatness when serving you at our local association!
