Sarah Scronce for Treasurer

Real estate has given me so much more than a career. It has given me the opportunity to build relationships, serve my community, grow as a leader, and become part of an industry that I truly care about.

I believe being a REALTOR® is about more than helping someone buy or sell a home. It's also about showing up, continuing to learn, giving back, and doing our part to make our association and our industry stronger.

That belief is what has pushed me to become more involved in our association. I am a 2024 Leadership Academy graduate and currently serve as the 2026 Leadership Academy Co-Chair. I also serve as Chair of the 2026 Inclusion Advisory Council and am a member of the Leadership Development Committee, Community Outreach Committee, and YPN. I am also proud to be an RPAC Major Investor. Outside of our association, I am a Women's Council of REALTORS® member and an Ambassador for Community Council.

One thing I have learned through these experiences is that leadership isn't about having all the answers. It's about being willing to show up, listen, ask questions, learn, and work alongside others.

As I continue preparing for the next step in my association leadership, I also plan to serve on the Finance Committee and attend those meetings. I want to better understand our association's finances, ask questions, learn from those currently serving, and prepare myself for the position I am seeking.

Serving on the Board of Directors would be an honor and another opportunity to give back to an association and industry that have given me so much. I would bring a willingness to learn, a community-minded perspective, and most importantly, a commitment to showing up and serving our members.
